ON INTERPROVINCIAL NATURAL GAS PIPELINES**

The Board hereby announces that the Company entered into a strategic cooperation agreement with 山西國際能源集團氣化投資管理有限公司 (Shanxi International Energy Group Gas Investment & Management Co., Ltd.) on December 7, 2010 in relation to the cooperation of construction and operation of the interprovincial gas pipelines for coal-bed methane (natural gas) between Shanxi Province and Hebei Province and processing and utilization of coal-bed methane (natural gas).

Pursuant to the Strategic Cooperation Agreement, the parties will jointly construct two interprovincial gas pipelines, namely, Shanxi Heshun—Hebei Xingtai Pipeline and Shanxi Licheng –Hebei Handan Pipeline, for the supply of coal-bed methane (natural gas) to Hebei Province. Both parties have agreed to set up liaison teams or working groups for discussion on the cooperation on a regular basis and will prepare a proposal on details of the cooperation for government approval as soon as practicable.

Shanxi International Energy Gas is a wholly-owned subsidiary of a large state-owned enterprise of Shanxi Province, 山西國際能源集團有限公司 (Shanxi International Energy Group Co., Ltd.), which is mainly engaged in the exploration, utilization and market operation of coal-bed methane (natural gas). To the best of the directors' knowledge, information and belief and having made all reasonable enquiries, Shanxi International Energy Gas and its ultimate beneficial owner are third parties independent of the Company and connected persons of the Company.

The Company will make further announcement on any significant development as and when required under the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited.
